MaryCate,

Here is a link to the four SO2 SIP permits that we currently have in public comment. The public comment period ends on 08/24. Normally I wouldn't send you non-NSR installation permits, but it was our intention to issue these as merged permits. My apologies with this, but somehow it slipped through when we put these out for public comment. I think Sandra sent them to her EPA contact in Planning, but we forgot to send them to you.

I realize this is extremely short notice, but the changes are fairly simple. Copies of all 4 permits as well as the public notice ad can be found on our website (scroll down on the right): <http://www.achd.net/air/index.php>

If this is a big problem, please let me know.
